

Smart Vend Cash to Card Center

Provides 24 hour access
to revalue electronic cash cards.

Stimulate card usage by increasing the convenience of card value loading using Smart Vend Cash to Card Centers. Smart Vend provides a secure, reliable means to add electronic funds to Smart Cards. The Smart Vend Cash to Card Center is designed so that cardholders can revalue their cards using \$5, \$10 and \$20 notes. Card Center customers can also purchase additional cards at any time. The combination of our durable design and system security features makes the Smart Vend Cash to Card Center perfect for attended and unattended locations.

Advantages & Benefits

Effective Security

- ♦ Automatic shut down after 7 minutes without power to prevent unauthorized use and counterfeiting of cards
- ♦ Uses a secure System Wake-up Card to reactivate system after shut down
- ♦ Non-resettable counters
- ♦ Audit trail reporting

Sturdy, Robust Design

- ♦ Able to withstand abuse in unattended environments
- ♦ Case made of 14-gauge steel
- ♦ Heavy duty locks to withstand tampering and theft attempts

Programmable Options

- ♦ Support for bonuses based on time-of-day, user group or bill denomination
- ♦ Support conditional card acceptance through programmable site codes, bank sort codes and issuer reference numbers
